INDEX TO VOLUME 15

This index covers the issues for 2000, as follows: January, pages 1–74; February, pages 75–148; March, pages 149–210; April, pages 211–276; May, pages 277–352; June, pages 353–440; July, pages 441–526; August, pages 527–610; September, pages 611–684; October, pages 685–760; November, pages 761–832; December, pages 833–918.

Abbreviations for Division Headings are as follows: (OR) Original Article; (BR) Brief Report; (CR) Clinical Review; (FRTP) From Research to Practice; (PER) Perspective; (ED) Editorial; (BOOK) Book Review; (LET) Letter; (REPLY) Reply.

Subjects

Academic generalists; *see* Teaching
Academic medical centers
  Who is doing the teaching? (Levinson), 346 (ED)
Acceptance of health care; *see* Patient acceptance of health care
Access to health care; *see* Health services accessibility
Acquired immunodeficiency syndrome
  Adherence and health care utilization in HIV/AIDS—rational or rationalizing? (Wu), 891 (ED)
  Antidepressant treatment and health services utilization among HIV-infected Medicaid patients diagnosed with depression (Sambamoorthi et al), 311 (OR)
  Housing status and health care service utilization among low-income persons with HIV/AIDS (Smith et al), 731
Activities of daily living
  Problems of older adults living alone after hospitalization (Mahoney et al), 611 (OR)
Adherence
  Adherence and health care utilization in HIV/AIDS—rational or rationalizing? (Wu), 891 (ED)
  Adherence to guidelines for oral anticoagulation after venous thrombosis and pulmonary embolism (Ganz et al), 776 (OR)
  Cue-dose training with monetary reinforcement: pilot study of an antiretroviral adherence intervention (Rigsby et al), 841 (OR)
  Taking antiretroviral therapy for HIV infection: learning from patient's stories (Laws et al), 848 (OR)
Administration, oral
  Adherence to guidelines for oral anticoagulation after venous thrombosis and pulmonary embolism (Ganz et al), 776 (OR)
  Racial differences in the utilization of oral anticoagulant therapy in heart failure: a study of elderly hospitalized patients (Ibrahim et al), 134 (BR)
Adult learning theory
  Did I answer your question? Attending physicians' recognition of resident's perceived learning needs in ambulatory setting (Laidley et al), 46 (BR)
Advance directives
  End-of-life decision making: a quantitative study of elderly individuals (Rosenfeld et al), 620 (OR)
  A physician's guide to talking about end-of-life care (Balaban), 195 (PER)
Adverse events
  Confidential clinician-reported surveillance of adverse events among medical inpatients (Weingart et al), 470 (OR)
  Drug complications in outpatients (Gandhi et al), 149 (OR)
  Hospital ownership and preventable adverse events (Thomas et al), 211 (OR)
Advertising
  A physician survey of the effect of drug sample availability on physicians' behavior (Chew et al), 478 (OR)
African Americans
  Breast cancer screening use by African Americans and whites in an HMO (Reisch et al), 229 (OR)
  Clinical implications of body image among rural African-American women (Baturka et al), 235 (OR)
  Racial differences in the utilization of oral anticoagulant therapy in heart failure: a study of elderly hospitalized patients (Ibrahim et al), 134 (BR)
Age factors
  Patient's perceptions of physician's recommendations for comfort care differ by patient age and gender (Johnson et al), 248 (OR)
Aged
  Bringing a generalist approach to the problems of older patients (Covinsky), 674 (ED)
  Does informed consent alter elderly patient's preferences for colorectal cancer screening? Results of a randomized trial (Wolf and Schorling), 24 (OR)
  End-of-life decision making: a quantitative study of elderly individuals (Rosenfeld et al), 620 (OR)
  Failure of evidence-based medicine in the treatment of hypertension in older patients (Knight et al), 702 (OR)
  Intensive care unit use and mortality in the elderly (Yu et al), 97 (OR)
  Letter to the editor (Suler and Grieco), 437 (LET)
  New Ways to Care for Older People: Building Systems Based on Evidence, edited by Calkins, Boult, Wagner, and Pacala (Carson and Kavesh), 350 (BOOK)
  Postmenopausal estrogen therapy and depressive symptoms in older women (Whooley et al), 535 (OR)
  Racial differences in the utilization of oral anticoagulant therapy in heart failure: a study of elderly hospitalized patients (Ibrahim et al), 134 (BR)
  Randomized trial of case-finding for depression in elderly primary care patients (Whooley et al), 293 (OR)
AIDS; *see* Acquired immunodeficiency syndrome
Alcoholism
  The impact of leaving against medical advice on hospital resource utilization (Saitz et al), 103 (OR)
  Screening and intervention for alcohol problems: a national survey of primary care physicians and psychiatrists (Friedmann et al), 84 (OR)
Ambulatory care
  Communication breakdown in the outpatient referral process (Gandhi et al), 626 (OR)
  A comparison of the preventive health care provided by women's health centers and general internal medicine practices (Harpole et al), 1 (OR)
  Confidence of academic general internists and family physicians to teach ambulatory procedures (Wickstrom et al), 353 (OR)
  Confidence of graduating internal medicine residents to perform ambulatory procedures (Wickstrom et al), 361 (OR)
  Did I answer your question? Attending physician's recognition of resident's perceived learning needs in ambulatory setting (Laidley et al), 46 (BR)
  Drug complications in outpatients (Gandhi et al), 149 (OR)
  Evaluating ambulatory resident practice using an Internet-based system (Shammash et al), 201 (BR)
  Evaluation of guidelines for the use of telemetry in the non[n]intensive-care setting (Estrada et al), 51 (BR)
  Identifying and reducing complications of outpatient medications (Petty), 207 (ED)
American Board of Internal Medicine

Procedural experience and comfort level in internal medicine trainees (Hicks et al), 716 (OR)
American Indians
Physical abuse of urban Native Americans (Buchwald et al), 562
Angioplasty
Randomized, controlled trial of an interactive videodisc decision aid for patients with ischemic heart disease (Morgan et al), 685 (OR)
Anti-inflammatory agents, non-steroidal
Cost-effectiveness of strategies for primary prevention of nonsteroidal anti-inflammatory drug-induced peptic ulcer disease (Ko and Deyo), 400 (OR)
Decision analytic modeling and NSAID gastropathy: Could we be more sensitive (Fendrick and Scheiman), 430 (ED)
Anticoagulants
Adherence to guidelines for oral anticoagulation after venous thrombosis and pulmonary embolism (Ganz et al), 776 (OR)
The cost-effectiveness of different management strategies for patients on chronic warfarin therapy (Lafata et al), 31 (OR)
Prevention of thromboembolism in atrial fibrillation: a meta-analysis of trials of anticoagulants and antiplatelet drugs (Segal et al), 56 (CR)
Racial differences in the utilization of oral anticoagulant therapy in heart failure: a study of elderly hospitalized patients (Ibrahim et al), 134 (BR)
Antidepressive agents
Antidepressant treatment and health services utilization among HIV-infected Medicaid patients diagnosed with depression (Sambamoorthi et al), 311 (OR)
Treatment of fibromyalgia with antidepressants: a meta-analysis (O'Malley et al), 659
Antiretroviral therapy
Cue-dose training with monetary reinforcement: pilot study of an antiretroviral adherence intervention (Rigsby et al), 841 (OR)
Taking antiretroviral therapy for HIV infection: learning from patient's stories (Laws et al), 848 (OR)
Anxiety
Recent care of common mental disorders in the United States: prevalence and conformance with evidence-based recommendations (Wang et al), 284 (OR)
Appointments and schedules
Use of an orientation clinic to reduce failed new patient appointments in primary care (Jain and Chou), 878
Arrhythmia
Evaluation of guidelines for the use of telemetry in the non–intensive-care setting (Estrada et al), 51 (BR)
Aspirin
Development of a decision aid for patients with atrial fibrillation who are considering antithrombotic therapy (Man-Son-Hing et al), 723
Prevention of thromboembolism in atrial fibrillation: a meta-analysis of trials of anticoagulants and antiplatelet drugs (Segal et al), 56 (CR)
Asthma
Effects of depressive symptoms on health-related quality of life in asthma patients (Mancuso et al), 301 (OR)
Atrial fibrillation
Development of a decision aid for patients with atrial fibrillation who are considering antithrombotic therapy (Man-Son-Hing et al), 723
Prevention of thromboembolism in atrial fibrillation: a meta-analysis of trials of anticoagulants and antiplatelet drugs (Segal et al), 56 (CR)
Autonomy; *see* Freedom
Awards and prizes
The Diagnosis (Mohiuddin), 416
Max (Cohen), 412

Back pain
Continuous quality improvement for patients with back pain (Deyo et al), 647
Two kinds of knowledge to achieve better care (Headrick), 675 (ED)
Barriers
Nutrition management of type 2 diabetes by primary care physicians: reported use and barriers (Marrero et al), 818 (BR)
Bias
Effect of a patient's psychiatric history on physician's estimation of probability of disease (Graber et al), 204 (BR)
Blood pressure
Evidence-based medicine: worship of form and treatment of high blood pressure (Psaty et al), 755 (ED)
Failure of evidence-based medicine in the treatment of hypertension in older patients (Knight et al), 702 (OR)
Body image
Clinical implications of body image among rural African-American women (Baturka et al), 235 (OR)
Book reviews
New Deal Medicine: The Rural Health Programs of the Farm Security Administration, by Grey (Rabinowitz), 438
New Ways to Care for Older People: Building Systems Based on Evidence, edited by Calkins, Boult, Wagner, and Pacala (Carson and Kavesh), 350
Sexual Medicine in Primary Care, by Maurice (Plaut), 757
Boundary transgression
Physicians' experiences with patients who transgress boundaries (Farber et al), 770 (OR)
Breast neoplasms
Breast cancer screening use by African Americans and whites in an HMO (Reisch et al), 229 (OR)
Burnout, professional
The work lives of women physicians: results from the Physician Work Life Study (McMurray et al), 372 (OR)

Cancer: *see* Neoplasms
Cardiovascular disease
Cardiovascular disease prevention practices by U.S. physicians for patients with diabetes (Meigs and Stafford), 220 (OR)
Serum potassium and cardiovascular mortality (Fang et al), 885
Career choice
Factors influencing the selection of general internal medicine fellowship programs: a national survey (Caiola and Litaker), 656
Case mix; *see* Diagnosis-related groups
Cerebrovascular disorders
Prevention of thromboembolism in atrial fibrillation: a meta-analysis of trials of anticoagulants and antiplatelet drugs (Segal et al), 56 (CR)
Cervix neoplasms
Cervical cancer screening in the urgent care setting (Batal et al), 389 (OR)
Chaperone
Chaperone use by residents during pelvic, breast, testicular, and rectal exams (Ehrenthal et al), 573 (BR)
Charting
Labeling smokers' charts with a "smoker" sticker: results of a randomized controlled trial among private practitioners (Etter et al), 421 (BR)
Cholesterol
Blood cholesterol screening: influence of fasting state on cholesterol results and management decisions (Craig et al), 395 (OR)
Chronic disease
The challenge of obesity-related chronic diseases (Clark and Brancati), 828 (ED)
Chronic liver disease (Gordon) (LET); (Riley) (REPLY), 142
Effect of training on adoption of cancer prevention nutrition-related activities by primary care practices: results of a randomized, controlled study (Tziraki et al), 155 (OR)
Clinical trials
Teaching residents evidence-based medicine skills: a controlled trial of effectiveness and assessment of durability (Smith et al), 710 (OR)

Clinical work sampling
Clinical work sampling: a new approach to the problem of in-training evaluation (Turnbull et al), 556
Colonoscopy
Differences between generalists and specialists in characteristics of patients receiving gastrointestinal procedures (Meyer et al), 188 (OR)
Colorectal neoplasms
Does informed consent alter elderly patients' preferences for colorectal cancer screening? Results of a randomized trial (Wolf and Schorling), 24 (OR)
Comfort
Procedural experience and comfort level in internal medicine trainees (Hicks et al), 716 (OR)
Communication
Communication breakdown in the outpatient referral process (Gandhi et al), 626 (OR)
Effect of language barriers on follow-up appointments after an emergency department visit (Sarver and Baker), 256
A physician's guide to talking about end-of-life care (Balaban), 195 (PER)
Compliance
Measuring compliance with preventive care guidelines: standardized patients, clinical vignettes, and the medical record (Dresselhaus et al), 782 (OR)
Computer-assisted decision making; *see* Decision making, computer-assisted
Confidence
Confidence of academic general internists and family physicians to teach ambulatory procedures (Wickstrom et al), 353 (OR)
Confidence of graduating internal medicine residents to perform ambulatory procedures (Wickstrom et al), 361 (OR)
Confidentiality
Confidential clinician-reported surveillance of adverse events among medical inpatients (Weingart et al), 470 (OR)
Consultation; *see* Referral and consultation
Consumer satisfaction
Will German patients accept their family physician as a gatekeeper? (Himmel et al), 496
Contingency management
Cue-dose training with monetary reinforcement: pilot study of an antiretroviral adherence intervention (Rigsby et al), 841 (OR)
Continuing medical education; *see* Education, medical, continuing
Continuous quality improvement; *see* Total quality management
Controlled clinical trials; *see* Clinical trials
Coordination of care
Effects of primary care coordination on public hospital patients (Schillinger et al), 329 (OR)
Coronary artery bypass
Randomized, controlled trial of an interactive videodisc decision aid for patients with ischemic heart disease (Morgan et al), 685 (OR)
Coronary disease
Randomized, controlled trial of an interactive videodisc decision aid for patients with ischemic heart disease (Morgan et al), 685 (OR)
Coronary revascularization, percutaneous; *see* Myocardial revascularization
Cost-benefit analysis
The cost-effectiveness of different management strategies for patients on chronic warfarin therapy (Lafata et al), 31 (OR)
Cost-effectiveness of low-molecular-weight heparin in the treatment of proximal deep vein thrombosis (Estrada et al), 108 (OR)
Cost-effectiveness of strategies for primary prevention of nonsteroidal anti-inflammatory drug-induced peptic ulcer disease (Ko and Deyo), 400 (OR)
What is heartburn worth? A cost-utility analysis of management strategies (Heudebert et al), 175 (OR)
Cost effectiveness; *see* Cost-benefit analysis
Counseling
Effect of training on adoption of cancer prevention nutrition-related activities by primary care practices: results of a randomized, controlled study (Tziraki et al), 155 (OR)
Creative writing
Max (Cohen), 412
Cross-cultural ethics; *see* Ethics
Cultural characteristics
Bridging cultural differences in medical practice: the case of discussing negative information with Navajo patients (Carrese and Rhodes), 92 (OR)
Curriculum
Evaluation of a national curriculum reform effort for the medicine core clerkship (Jablonover et al), 484 (OR)
Evidence-based medicine training in internal medicine residency programs: a national survey (Green), 129 (BR)

Data collection
Evidence-based medicine training in internal medicine residency programs: a national survey (Green), 129 (BR)
Health and health care among housestaff in four U.S. internal medicine residency programs (Rosen et al), 116 (OR)
Screening and intervention for alcohol problems: a national survey of primary care physicians and psychiatrists (Friedmann et al), 84 (OR)
Decision making
Bringing a generalist approach to the problems of older patients (Covinsky), 674 (ED)
Effect of a patient's psychiatric history on physician's estimation of probability of disease (Graber et al), 204 (BR)
End-of-life decision making: a quantitative study of elderly individuals (Rosenfeld et al), 620 (OR)
Patient preferences for care by general internists and specialists in the ambulatory setting (Lewis et al), 75 (OR)
Patients' perceptions of physicians' recommendations for comfort care differ by patient age and gender (Johnson et al), 248 (OR)
Perceptions of benefit and risk of patients undergoing first-time elective percutaneous coronary revascularization (Holmboe et al), 632 (OR)
A physician's guide to talking about end-of-life care (Balaban), 195 (PER)
Tell it like it is: patients as partners in medical decision making (Deyo), 752 (ED)
Treatment decisions for localized prostate cancer: asking men what's important (Holmboe and Concato), 694 (OR)
Decision making, computer-assisted
Randomized, controlled trial of an interactive videodisc decision aid for patients with ischemic heart disease (Morgan et al), 685 (OR)
Decision support techniques
The cost-effectiveness of different management strategies for patients on chronic warfarin therapy (Lafata et al), 31 (OR)
Decision analytic modeling and NSAID gastropathy: could we be more sensitive (Fendrick and Scheiman), 430 (ED)
Development of a decision aid for patients with atrial fibrillation who are considering antithrombotic therapy (Man-Son-Hing et al), 723
Randomized, controlled trial of an interactive videodisc decision aid for patients with ischemic heart disease (Morgan et al), 685 (OR)
Deep vein thrombosis; *see* Thrombophlebitis
Delivery of health care
Labeling smokers' charts with a "smoker" sticker: results of a randomized controlled trial among private practitioners (Etter et al), 421 (BR)
New Deal Medicine: The Rural Health Programs of the Farm Security Administration, by Grey (Rabinowitz), 438 (BOOK)
Depression
Antidepressant treatment and health services utilization among HIV-infected Medicaid patients diagnosed with depression (Sambamoorthi et al), 311 (OR)
Effect of a patient's psychiatric history on physicians' estimation of probability of disease (Graber et al), 204 (BR)

Effects of depressive symptoms on health-related quality of life in asthma patients (Mancuso et al), 301 (OR)
Interventions that improve the quality of depression care: where do we go from here? (Harpole), 894 (ED)
Managing patients with depression: Is primary care up to the challenge? (Ford), 344 (ED)
Postmenopausal estrogen therapy and depressive symptoms in older women (Whooley et al), 535 (OR)
Predictors of outcome in a primary care depression trial (Walker et al), 859 (OR)
Prevalence and determinants of intimate partner abuse among public hospital primary care patients (Bauer et al), 811
Quality improvement for depression enhances long-term treatment knowledge for primary care clinicians (Meredith et al), 868 (OR)
Randomized trial of case-finding for depression in elderly primary care patients (Whooley et al), 293 (OR)
Recent care of common mental disorders in the United States: prevalence and conformance with evidence-based recommendations (Wang et al), 284 (OR)
Treatment of fibromyalgia with antidepressants: a meta-analysis (O'Malley et al), 659
Treatment preferences among depressed primary care patients (Dwight-Johnson et al), 527 (OR)
Who is at risk of nondetection of mental health problems in primary care? (Borowsky et al), 381 (OR)
Diabetes mellitus
Diagnosing diabetes: a practitioner's plea: keep it simple (Fournier), 603 (ED)
Nutrition management of type 2 diabetes by primary care physicians: reported use and barriers (Marrero et al), 818 (BR)
Perceived access problems among patients with diabetes in two public systems of care (Piette), 797 (OR)
Revisiting the oral glucose tolerance test criterion for the diagnosis of diabetes (Davidson et al), 551 (OR)
Diabetes mellitus, non-insulin-dependent
Cardiovascular disease prevention practices by U.S. physicians for patients with diabetes (Meigs and Stafford), 220 (OR)
Diagnosis
Reporting and concordance of methodologic criteria between abstracts and articles in diagnostic test studies (Estrada et al), 183 (OR)
Diagnosis-related groups
The work lives of women physicians: results from the Physician Work Life Study (McMurray et al), 372 (OR)
Diagnostic errors
Using the free-to-total prostate-specific antigen ratio to detect prostate cancer in men with nonspecific elevations of prostate-specific antigen levels (Hoffman et al), 739
Diagnostic tests
Patients' perceptions of omitted examinations and tests: a qualitative analysis (Kravitz and Callahan), 38 (OR)
Discharge planning; *see* Patient discharge
Diuretics
Serum potassium and cardiovascular mortality (Fang et al), 885
Domestic violence
Prevalence and determinants of intimate partner abuse among public hospital primary care patients (Bauer et al), 811
Drug complications
Drug complications in outpatients (Gandhi et al), 149 (OR)
Identifying and reducing complications of outpatient medications (Petty), 207 (ED)
Drug samples
A physician survey of the effect of drug sample availability on physicians' behavior (Chew et al), 478 (OR)
Drug utilization
Racial differences in the utilization of oral anticoagulant therapy in heart failure: a study of elderly hospitalized patients (Ibrahim et al), 134 (BR)

Early detection
Early detection and aggressive treatment of prostate cancer: groping in the dark (Barry), 749 (ED)
Eating disorders
Detection, evaluation, and treatment of eating disorders: the role of the primary care physician (Walsh et al), 577
Education, medical
Chaperone use by residents during pelvic, breast, testicular, and rectal exams (Ehrenthal et al), 573 (BR)
Clinical work sampling: a new approach to the problem of in-training evaluation (Turnbull et al), 556
Confidence of graduating internal medicine residents to perform ambulatory procedures (Wickstrom et al), 361 (OR)
Contributions of general internal medicine teaching units: a national survey (Nelson et al), 277 (OR)
Did I answer your question? Attending physicians' recognition of residents' perceived learning needs in ambulatory setting (Laidley et al), 46 (BR)
Effect of medical student teaching on patient satisfaction in a managed care setting (Simon et al), 457 (OR)
Effects of the revised HCFA evaluation and management guidelines on inpatient teaching (Fihn et al), 451 (OR)
Evaluating ambulatory resident practice using an Internet-based system (Shammash et al), 201 (BR)
Evaluation of a national curriculum reform effort for the medicine core clerkship (Jablonover et al), 484 (OR)
How are we doing? the problem of in-training evaluation (Lowitt), 605 (ED)
Physicians' reports of focused expertise in clinical practice (Keating et al), 417 (BR)
A picture is worth a thousand words: practical use of videotape in teaching (Pinsky and Wipf), 805
Should medical schools be schools for virtue? (Sulmasy), 514 (ED)
Supporting the moral development of medical students (Branch), 503 (PER)
Telephone medicine for internists (Elnicki et al), 337 (PER)
Who is doing the teaching? (Levinson), 346 (ED)
Education, medical, continuing
Successful lecturing: a prospective study to validate attributes of the effective medical lecture (Copeland et al), 366 (OR)
Education, medical, graduate
Evidence-based medicine training in internal medicine residency programs: a national survey (Green), 129 (BR)
Teaching residents evidence-based medicine skills: a controlled trial of effectiveness and assessment of durability (Smith et al), 710 (OR)
Elder abuse
Physical abuse of urban Native Americans (Buchwald et al), 562
Elderly; *see* Aged
Electronics
Entering the electronic age: risks and challenges for *JGIM* (Bass), 138 (ED)
Emergency medical services
Propensity of HIV patients to seek urgent and emergent care (Gifford et al), 833 (OR)
End-of-life care: *see* Terminal care
Endoscopy, digestive system
Differences between generalists and specialists in characteristics of patients receiving gastrointestinal procedures (Meyer et al), 188 (OR)
Epidemiological factors
Serum potassium and cardiovascular mortality (Fang et al), 885
Esophagogastroduodenoscopy; *see* Endoscopy, digestive system
Estrogen replacement therapy
Postmenopausal estrogen therapy and depressive symptoms in older women (Whooley et al), 535 (OR)
Prevalence and duration of postmenopausal hormonal replacement therapy use in a managed care organization, 1990-1995 (Connelly et al), 542 (OR)
Ethics
Bridging cultural differences in medical practice: the case of discussing negative information with Navajo patients (Carrese and Rhodes), 92 (OR)
Patients' perceptions of physicians' recommendations for

comfort care differ by patient age and gender (Johnson et al), 248 (OR)
Reporting by physicians of impaired drivers and potentially impaired drivers (Berger et al), 667 (PER)
Should medical schools be schools for virtue? (Sulmasy), 514 (ED)
Ethnic groups
Breast cancer screening use by African Americans and whites in an HMO (Reisch et al), 229 (OR)
Effect of language barriers on follow-up appointments after an emergency department visit (Sarver and Baker), 256
Prevalence and determinants of intimate partner abuse among public hospital primary care patients (Bauer et al), 811
Who is at risk of nondetection of mental health problems in primary care? (Borowsky et al), 381 (OR)
Evaluation studies
Successful lecturing: a prospective study to validate attributes of the effective medical lecture (Copeland et al), 366 (OR)
Evidence-based medicine
Evidence-based medicine: worship of form and treatment of high blood pressure (Psaty et al), 755 (ED)
Evidence-based medicine training in internal medicine residency programs: a national survey (Green), 129 (BR)
Failure of evidence-based medicine in the treatment of hypertension in older patients (Knight et al), 702 (OR)
New Ways to Care for Older People: Building Systems Based on Evidence, edited by Calkins, Boult, Wagner, and Pacala (Carson and Kavesh), 350 (BOOK)
Reporting and concordance of methodologic criteria between abstracts and articles in diagnostic test studies (Estrada et al), 183 (OR)
Teaching residents evidence-based medicine skills: a controlled trial of effectiveness and assessment of durability (Smith et al), 710 (OR)
Expectations
Interpersonal expectations in the patient-physician relationship (Beach and Roter), 825 (ED)
Patients' perceptions of omitted examinations and tests: a qualitative analysis (Kravitz and Callahan), 38 (OR)

Faculty, medical
Successful lecturing: a prospective study to validate attributes of the effective medical lecture (Copeland et al), 366 (OR)
Family practice
Will German patients accept their family physician as a gatekeeper? (Himmel et al), 496
Farm Security Administration
New Deal Medicine: The Rural Health Programs of the Farm Security Administration, by Grey (Rabinowitz), 438 (BOOK)
Fasting
Blood cholesterol screening: influence of fasting state on cholesterol results and management decisions (Craig et al), 395 (OR)
Feedback
Evaluating ambulatory resident practice using an Internet-based system (Shammash et al), 201 (BR)
Fees and charges
The impact of leaving against medical advice on hospital resource utilization (Saitz et al), 103 (OR)
Fellowships and scholarships
Factors influencing the selection of general internal medicine fellowship programs: a national survey (Caiola and Litaker), 656
Female physicians; *see* Physicians, women
Fibromyalgia
Treatment of fibromyalgia with antidepressants: a meta-analysis (O'Malley et al), 659
Financial management
Fatal distraction: finance vs vigilance in our nation's hospitals (Schiff), 269 (ED)
Follow-up studies
Postmenopausal estrogen therapy and depressive symptoms in older women (Whooley et al), 535 (OR)
Serum potassium and cardiovascular mortality (Fang et al), 885
Free PSA; *see* Prostate-specific antigen
Freedom
Time, autonomy, and satisfaction (Epstein), 517 (ED)

Gastropathy
Decision analytic modeling and NSAID gastropathy: Could we be more sensitive (Fendrick and Scheiman), 430 (ED)
Gatekeeping; *see* Referral and consultation
Gender; *see* Sex
Generalist approach
Bringing a generalist approach to the problems of older patients (Covinsky), 674 (ED)
Generalists; *see* Physicians, family
Global measure
Effects of depressive symptoms on health-related quality of life in asthma patients (Mancuso et al), 301 (OR)
Glucose tolerance test
Revisiting the oral glucose tolerance test criterion for the diagnosis of diabetes (Davidson et al), 551 (OR)
Graduate medical education; *see* Education, medical, graduate
Guidelines
Differences in the quality of care for women with an abnormal mammogram or breast complaint (Haas et al), 321 (OR)
Overcoming barriers to preventive care (Rubin), 434 (ED)
Recent care of common mental disorders in the United States: prevalence and conformance with evidence-based recommendations (Wang et al), 284 (OR)

Health behavior
Health and health care among housestaff in four U.S. internal medicine residency programs (Rosen et al), 116 (OR)
Health care reform
Will German patients accept their family physician as a gatekeeper? (Himmel et al), 496
Health care utilization
Adherence and health care utilization in HIV/AIDS—rational or rationalizing? (Wu), 891 (ED)
Housing status and health care service utilization among low-income persons with HIV/AIDS (Smith et al), 731
Health maintenance organizations
Breast cancer screening use by African Americans and whites in an HMO (Reisch et al), 229 (OR)
Managed care, time pressure, and physician job satisfaction: results from the Physician Worklife Study (Linzer et al), 441 (OR)
Patient participation in research in the managed care environment: key perceptions of members in an HMO (Purdy et al), 492 (BR)
Health manpower
Physicians' reports of focused expertise in clinical practice (Keating et al), 417 (BR)
Health policy
The world we live in: health policy from a primary care perspective (Liebow et al), 519 (ED)
Health services accessibility
Health and health care among housestaff in four U.S. internal medicine residency programs (Rosen et al), 116 (OR)
Nutrition management of type 2 diabetes by primary care physicians: reported use and barriers (Marrero et al), 818 (BR)
Perceived access problems among patients with diabetes in two public systems of care (Piette), 797 (OR)
Propensity of HIV patients to seek urgent and emergent care (Gifford et al), 833 (OR)
Health services for aged
Intensive care unit use and mortality in the elderly (Yu et al), 97 (OR)
Health services research
Problems in recruiting community-based physicians for health services research (Asch et al), 591

Health status
Differences in patient-reported processes and outcomes between men and women with myocardial infarction (Covinsky et al), 169 (OR)
Health surveys
Impact of obesity on health-related quality of life in patients with chronic illness (Katz et al), 789 (OR)
Heartburn
What is heartburn worth? A cost-utility analysis of management strategies (Heudebert et al), 175 (OR)
Hemoglobins
Revisiting the oral glucose tolerance test criterion for the diagnosis of diabetes (Davidson et al), 551 (OR)
Heparin
Cost-effectiveness of low-molecular-weight heparin in the treatment of proximal deep vein thrombosis (Estrada et al), 108 (OR)
Heparin, low molecular weight
Cost-effectiveness of low-molecular-weight heparin in the treatment of proximal deep vein thrombosis (Estrada et al), 108 (OR)
Hepatocellular carcinoma
Letter to the editor (O'Rorke and O'Keefe), 273 (LET)
Histamine H2 receptor blockaders

Bottle cap doll (Cozzi). 896
Caring for Mr. Gray (McMurray). 144
The death of Dealberto (Randall-Ong). 521
Happily ever after (Chandra). 758
I had a gun (Fingerhood). 143
The pillars of hercules (Salomon). 607
Pockets full (of a number of things) (McPhee). 677
A strange place to be (Pisetsky). 680
Tea (Sulmasy). 23
A test of memory (Pisetsky). 70
Renal function
Serum potassium and cardiovascular mortality (Fang et al). 885
Reporting
Bringing a generalist approach to the problems of older patients (Covinsky). 674 (ED)
Reporting by physicians of impaired drivers and potentially impaired drivers (Berger et al). 667 (PER)
Reproducibility of results
Successful lecturing: a prospective study to validate attributes of the effective medical lecture (Copeland et al). 366 (OR)
Research
Patient participation in research in the managed care environment: key perceptions of members in an HMO (Purdy et al). 492 (BR)
Problems in recruiting community-based physicians for health services research (Asch et al). 591
Successful lecturing: a prospective study to validate attributes of the effective medical lecture (Copeland et al). 366 (OR)
Residents: *see* Internship and residency
Revascularization, percutaneous coronary: *see* Myocardial revascularization
Risk
Perceptions of benefit and risk of patients undergoing first-time elective percutaneous coronary revascularization (Holmboe et al). 632 (OR)
Risk factors
Prevalence and determinants of intimate partner abuse among public hospital primary care patients (Bauer et al). 811
Problems of older adults living alone after hospitalization (Mahoney et al). 611 (OR)
Rural health
New Deal Medicine: The Rural Health Programs of the Farm Security Administration, by Grey (Rabinowitz). 438 (BOOK)
Rural population
Clinical implications of body image among rural African-American women (Baturka et al). 235 (OR)

Safety
Hospital ownership and preventable adverse events (Thomas et al). 211 (OR)
Samples
A physician survey of the effect of drug sample availability on physicians' behavior (Chew et al). 478 (OR)
Screening
Blood cholesterol screening: influence of fasting state on cholesterol results and management decisions (Craig et al). 395 (OR)
Breast cancer screening use by African Americans and whites in an HMO (Reisch et al). 229 (OR)
Cervical cancer screening in the urgent care setting (Batal et al). 389 (OR)
Does informed consent alter elderly patients' preferences for colorectal cancer screening? Results of a randomized trial (Wolf and Schorling). 24 (OR)
Screening and intervention for alcohol problems: a national survey of primary care physicians and psychiatrists (Friedmann et al). 84 (OR)
Sensitivity
Decision analytic modeling and NSAID gastropathy: Could we be more sensitive (Fendrick and Scheiman). 430 (ED)
Sensitivity and specificity
Reporting and concordance of methodologic criteria between abstracts and articles in diagnostic test studies (Estrada et al). 183 (OR)
Sex
Differences in patient-reported processes and outcomes between men and women with myocardial infarction (Covinsky et al). 169 (OR)
Effect of physician and patient gender concordance on patient satisfaction and preventive care practices (Schmittdiel et al). 761 (OR)
Patients' perceptions of physicians' recommendations for comfort care differ by patient age and gender (Johnson et al). 248 (OR)
Sex behavior
Sexual Medicine in Primary Care, by Maurice (Plaut). 757 (BOOK)
Shelters
Sheltered versus nonsheltered homeless women: differences in health, behavior, victimization, and utilization of care (Nyamathi et al). 565
Sigmoidoscopy
Differences between generalists and specialists in characteristics of patients receiving gastrointestinal procedures (Meyer et al). 188 (OR)
Smoking
Labeling smokers' charts with a "smoker" sticker: results of a randomized controlled trial among private practitioners (Etter et al). 421 (BR)
Smoking cessation
Comparison of five measures of motivation to quit smoking among a sample of hospitalized smokers (Sciamanna et al). 16 (OR)
Letter to the editor (Badgett and Tanaka). 273 (LET)
Social class
Breast cancer screening use by African Americans and whites in an HMO (Reisch et al). 229 (OR)
Prevalence and determinants of intimate partner abuse among public hospital primary care patients (Bauer et al). 811
Social support
Problems of older adults living alone after hospitalization (Mahoney et al). 611 (OR)

Socioeconomic factors
Perceived access problems among patients with diabetes in two public systems of care (Piette), 797 (OR)
Problems of older adults living alone after hospitalization (Mahoney et al), 611 (OR)
Socioeconomic status; *see* Social class
Somatization disorder; *see* Somatoform disorders
Somatoform disorders
Effect of a patient's psychiatric history on physicians' estimation of probability of disease (Graber et al), 204 (BR)
Specialists
Differences between generalists and specialists in characteristics of patients receiving gastrointestinal procedures (Meyer et al), 188 (OR)
Specialties, medical
Physicians' reports of focused expertise in clinical practice (Keating et al), 417 (BR)
Specificity; *see* Sensitivity and specificity
Spirometry
Letter to the editor (Badgett and Tanaka), 273 (LET)
Spouse abuse
Prevalence and determinants of intimate partner abuse among public hospital primary care patients (Bauer et al), 811
Stroke; *see* Cerebrovascular disorders
Students, medical
Contributions of general internal medicine teaching units: a national survey (Nelson et al), 277 (OR)
Effect of medical student teaching on patient satisfaction in a managed care setting (Simon et al), 457 (OR)
Supporting the moral development of medical students (Branch), 503 (PER)
Surveys; *see* Data collection

Teaching
Confidence of academic general internists and family physicians to teach ambulatory procedures (Wickstrom et al), 353 (OR)
Confidence of graduating internal medicine residents to perform ambulatory procedures (Wickstrom et al), 361 (OR)
Contributions of general internal medicine teaching units: a national survey (Nelson et al), 277 (OR)
Effect of medical student teaching on patient satisfaction in a managed care setting (Simon et al), 457 (OR)
Effects of the revised HCFA evaluation and management guidelines on inpatient teaching (Fihn et al), 451 (OR)
Outpatient morning report: a new conference for internal medicine residency programs (Spickard et al), 822 (BR)
Physicians' reports of focused expertise in clinical practice (Keating et al), 417 (BR)
A picture is worth a thousand words: practical use of videotape in teaching (Pinsky and Wipf), 805
Who is doing the teaching? (Levinson), 346 (ED)
Technology
Entering the electronic age: risks and challenges for *JGIM* (Bass), 138 (ED)
Telemetry
Evaluation of guidelines for the use of telemetry in the non-intensive-care setting (Estrada et al), 51 (BR)
Telephone
Perceived access problems among patients with diabetes in two public systems of care (Piette), 797 (OR)
Telephone medicine for internists (Elnicki et al), 337 (PER)
Terminal care
Bringing a generalist approach to the problems of older patients (Covinsky), 674 (ED)
End-of-life decision making: a quantitative study of elderly individuals (Rosenfeld et al), 620 (OR)
Patients' perceptions of physicians' recommendations for comfort care differ by patient age and gender (Johnson et al), 248 (OR)
A physician's guide to talking about end-of-life care (Balaban), 195 (PER)
Thromboembolism
Cost-effectiveness of low-molecular-weight heparin in the treatment of proximal deep vein thrombosis (Estrada et al), 108 (OR)
Thrombophlebitis
Adherence to guidelines for oral anticoagulation after venous thrombosis and pulmonary embolism (Ganz et al), 776 (OR)
Cost-effectiveness of low-molecular-weight heparin in the treatment of proximal deep vein thrombosis (Estrada et al), 108 (OR)
Thrombosis
Cost-effectiveness of low-molecular-weight heparin in the treatment of proximal deep vein thrombosis (Estrada et al), 108 (OR)
Long-term outcomes after deep vein thrombosis: postphlebitic syndrome and quality of life (Kahn et al), 425
Thrombosis, venous; *see* Thrombophlebitis
Time
Time, autonomy, and satisfaction (Epstein), 517 (ED)
Time pressure
Managed care, time pressure, and physician job satisfaction: results from the Physician Worklife Study (Linzer et al), 441 (OR)
Total quality management
Continuous quality improvement for patients with back pain (Deyo et al), 647
Two kinds of knowledge to achieve better care (Headrick), 675 (ED)
Treatment outcome
Clinical presentation, processes and outcomes of care for patients with pneumococcal pneumonia (Brandenburg et al), 638 (OR)
Differences in patient-reported processes and outcomes between men and women with myocardial infarction (Covinsky et al), 169 (OR)
Long-term outcomes after deep vein thrombosis: postphlebitic syndrome and quality of life (Kahn et al), 425
Predictors of outcome in a primary care depression trial (Walker et al), 859 (OR)
Treatment decisions for localized prostate cancer: asking men what's important (Holmboe and Concato), 694 (OR)
Trust
Patients' trust in physicians: many theories, few measures, and little data (Pearson and Raeke), 509 (PER)
Type 2 diabetes; *see* Diabetes mellitus, non-insulin-dependent

Ultrasonography
Letter to the editor (O'Rorke and O'Keefe), 273 (LET)
United States Health Care Financing Administration
Effects of the revised HCFA evaluation and management guidelines on inpatient teaching (Fihn et al), 451 (OR)
Urban population
Physical abuse of urban Native Americans (Buchwald et al), 562
Urgent care
Cervical cancer screening in the urgent care setting (Batal et al), 389 (OR)
Utilization of care
Sheltered versus nonsheltered homeless women: differences in health, behavior, victimization, and utilization of care (Nyamathi et al), 565

Vaginal smears
Cervical cancer screening in the urgent care setting (Batal et al), 389 (OR)
Venous thrombosis; *see* Thrombophlebitis
Victimization
Health of homeless women with recent experience of rape (Wenzel et al), 265
Physical abuse of urban Native Americans (Buchwald et al), 562
Videotapes
A picture is worth a thousand words: practical use of videotape in teaching (Pinsky and Wipf), 805

Violence
Health of homeless women with recent experience of rape (Wenzel et al), 265

Warfarin
The cost-effectiveness of different management strategies for patients on chronic warfarin therapy (Lafata et al), 31 (OR)
Development of a decision aid for patients with atrial fibrillation who are considering antithrombotic therapy (Man-Son-Hing et al), 723
Prevention of thromboembolism in atrial fibrillation: a meta-analysis of trials of anticoagulants and antiplatelet drugs (Segal et al), 56 (CR)
Weight loss
Clinical implications of body image among rural African-American women (Baturka et al), 235 (OR)
Women
Effect of physician and patient gender concordance on patient satisfaction and preventive care practices (Schmittdiel et al), 761 (OR)
Women physicians: *see* Physicians, women
Women's health
Clinical implications of body image among rural African-American women (Baturka et al), 235 (OR)
A comparison of the preventive health care provided by women's health centers and general internal medicine practices (Harpole et al), 1 (OR)
Delivery of primary care to women: do women's health centers do it better? (Phelan et al), 8 (OR)
Differences in the quality of care for women with an abnormal mammogram or breast complaint (Haas et al), 321 (OR)
Health of homeless women with recent experience of rape (Wenzel et al), 265
Sheltered versus nonsheltered homeless women: differences in health, behavior, victimization, and utilization of care (Nyamathi et al), 565
Women's health: an evolving mosaic (Charney), 600 (ED)
Women's health care: one size does not fit all (Gharib and Manson), 68 (ED)
Wounds and injuries
Hospital ownership and preventable adverse events (Thomas et al), 211 (OR)
Writing
The Diagnosis (Mohiuddin), 416
Max (Cohen), 412
